uniquely exciting American otball, is almost here once en though baseball will nto the first crisp days r, when the World Series ayed, football comes ear- earlier each year.

the great advantages as is that it comes with ful fall weather, not here which always arrives sim y with college football otball. unlike baseball other sports, is unique e greatest fan interest in college-level football sional sport is growing ly, and may certainly dominate the football country, but the pro- fessional game doesn't dominat the scene as yet.

It does boast the best brand of ball, but college football still cap ture the fancy and interest of an amazing number of fans. It has completely replaced baseball as king of the high school and col lege sports scene.

It is true that we overempha size football in too many schools and colleges. It is also true that too many youngsters suffer per manent injuries participating. And, likewise, it is true that football has become the game of the grad uate, of the adult fan far more than the game of the student.

But in spite of all the undesir able effects, the sports fan in this country will be slightly dizzy from now until December, enjoying the gridiron season of 1962., with all its excitement, its college flavor and — its tradition and memories of years gone by.
